

# One Talk CPW90

## Specifications

Optimal  
HD voice

Capacitive  
mute touchpad

Wireless  
micpod

Place-and-charge  
charging cradle

### Wireless expansion microphones for the CP960 IP conference phone

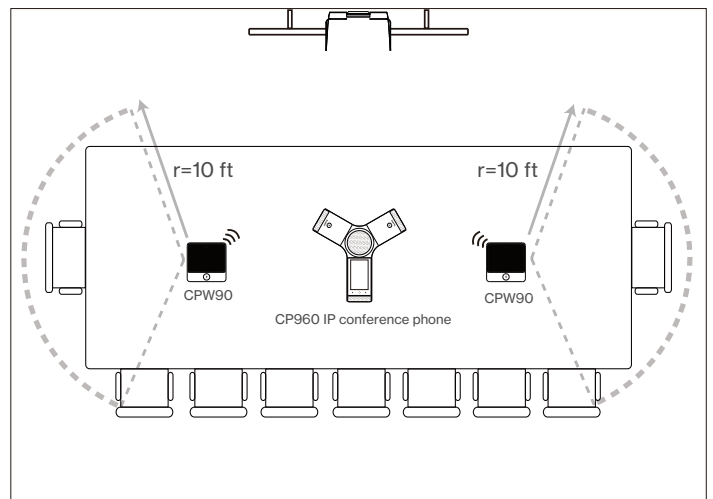

The One Talk CPW90 expansion microphone (SKU: CPW90) works as an additional audio input device for the CP960 IP conference phone. It features superior wireless audio technology and supports 360-degree voice pickup range at a radius of up to 10 feet. A capacitive mute touchpad plus a place-and-charge charging cradle round out its user-friendly features, making this wireless expansion microphone easy to use. It's an ideal choice for organizations that need optimal microphone placement and wider room coverage.
