Device Functions

Step 1. Charging the Gear S2
- Carefully align the Gear S2 on the charging dock and connect to the charger.

Caution!:
Use the Samsung charger that came with your device. Use of other chargers may damage the device and void the warranty.

Step 2. Turning Your Gear S2 On and Off
- To turn on the Gear, briefly press and hold the Power/Home button.
- To turn OFF, press and hold the Power/Home button and tap Power off.

Step 3. Pairing your Gear S2 to a smartphone
To connect your Gear and mobile device, install the Samsung Gear app on the mobile device. Launch Galaxy Apps or visit apps.samsung.com/gear to download it.

For non-Samsung devices, download the Samsung Gear app from the Google Play™ store.

Compatible with Android 4.4 and later with 1.5GB RAM. Some features may not be available. For best compatibility, connect with Samsung Galaxy devices.

1. Gear S2: Make sure your Gear S2 is turned on.
2. Smartphone: Download the Samsung Gear app from the Galaxy Essentials widget.
3. Smartphone: Turn on Bluetooth.
4. Smartphone: Select the Gear S2 model name.
5. Smartphone: When the Bluetooth pairing request window displays, tap OK.
6. Gear S2: When the connection request window displays, tap OK.
7. Smartphone: Tap Finish.

Activating the Gear S2
Once you have connected the Gear S2 to a smartphone, follow the steps below to activate the Gear S2 for standalone use.

1. Tap Activate and follow the instructions to activate your Gear S2.
2. Tap Restart when activation is complete.

Home Screen
- Press the Power/Home button at anytime to return to the home screen.

Notifications
- Rotate the Gear S2 bezel to the left to view messages and notifications, or to the right to access Settings and Apps.

Opening the Apps screen
- From the home screen, press the Power/Lock button.

Moments Bar
- From the stock screenshot, swipe the screen down to view the notification panel.
Quickly forward calls, adjust volume, display brightness and the Do not disturb feature.

Moments Bar
- From the stock screenshot, swipe the screen down to view the notification panel.

Home Screen
- Press the Power/Home button at anytime to return to the home screen.

Notifications
- Rotate the Gear S2 bezel to the left to view messages and notifications, or to the right to access Settings and Apps.

Opening the Apps screen
- From the home screen, press the Power/Lock button.
Calls
Making a call
• Open the Apps list, tap Phone, enter a number to dial, and then tap
Call.
NOTE: If a Bluetooth connection between the Gear S2 and smartphone is not available, outgoing calls will be made from the Gear S2 phone number.

Forwarding calls to the Gear S2
Set the smartphone to forward incoming calls to the Gear S2. Ensure the Gear S2 is connected to the smartphone to enable call forwarding.
1. From the Apps screen, tap Settings → Call → Call forwarding.
2. Tap Turn on to automatically forward your calls to your Gear S2.

Messages
Sending a message
1. From the Apps screen, tap Messages → New message.
2. Tap Recipient(s) and enter a recipient phone number or tap Contacts to add from contacts.
3. Tap the message field and enter your message.
4. Tap CONTACTS to send.

Viewing a message
1. From the clock screen, rotate the bezel to the left to view notifications.
2. Tap Messages and scroll up to view your messages.
3. To reply to a message, tap Reply.
4. Enter your message and tap Send.
