SAMSUNG

Galaxy Tab S2
Setting up your tablet

Your tablet already has a SIM card installed.

Optional: Insert the microSD card
1. With the tablet face up, insert the card tray removal tool that came with your tablet into the hole next to the microSD card slot.
2. Insert the new microSD card into the microSD card tray with the gold contacts facing down.
3. Gently close the microSD card tray.

NOTE: The microSD card is sold separately.
Charge your tablet

Before turning on your tablet, charge it fully. Your tablet comes with an Adaptive Fast Charging charger and a USB cable. Plug the smaller end of the cable into the USB/charger port on your tablet and the other end into the charger. Then plug the charger into an electrical outlet to charge the tablet.

WARNING: Only use approved chargers with your device. Incompatible chargers or tampering with the charging port could damage your device and void the warranty.
Not all features, apps or services may be available with your plan, device operating system and software version. Please contact your wireless service provider for more information.

NOTE: Devices and software are constantly evolving – the screen images and icons you see here are for reference only.
Using your tablet

Turning your tablet on/off
To turn your tablet on, press and hold the **Power/Lock** button.

Press the **Power/Lock** button again to turn it off.

Locking/unlocking the screen
To turn on your screen, press the **Power/Lock** button. Then swipe up on the screen to unlock it.

To turn off your screen and prevent accidental key presses, press the **Power/Lock** button.

Activating your tablet
Activate your tablet to use the internet on Verizon’s 4G LTE network.
1. Make sure your SIM card is inserted, and then turn on your tablet.
2. Follow the onscreen instructions in the Setup Wizard.

NOTE: Subject to specific terms of use. For coverage details, visit [verizonwireless.com/CoverageLocator](http://verizonwireless.com/CoverageLocator).
