About your watch

NOTE:

- Software and apps are constantly evolving. The images, icons, and functionality in this guide are for reference only and may change when software is updated.

Setting up your watch

Step 1: Charge your watch

Before setting up your watch, charge it fully.

1. Connect the smaller end of the USB cable to the USB/charger port on the charging cradle and connect the other end to the power adapter. Then plug the adapter into a wall outlet.

2. Place your watch in the cradle with the wireless charging area against the back of the cradle as shown.

NOTE: The watch turns on automatically when charging.

WARNING: Use only approved chargers with your device. Use of incompatible chargers or tampering with the charger port could damage your device and void the warranty.

Step 2: Prepare your phone

 Download the **Android Wear™** app.

 And for the best experience, make sure your phone has the latest version of **Message+**.

Step 3: Set up your watch

1. Turn on your watch.
2. Follow the onscreen instructions to pair your watch with your phone and set up calling.

NOTE: You need to set up calling in order to make and receive calls on your watch when you're not near your phone.
